MIPAR™

Local License Activation Instructions

Activation window will appear after launching MIPAR if there are no active licenses. You may also access it in any app from Help > Activate License.

Online Activation

① **Select Online Activation**

- Launch **MIPAR**
- If Activation Window does not appear, go to Help > Activate License from any app
- Select **Local**, then select **Online Activation**

② **Activate License Key**

- Enter the **Product Key**
- Select **Activate**
- Select **Finish.** Your License Key is now activated!

Offline Activation

① **Create System Fingerprint**

- Launch **MIPAR**
- If Activation Window does not appear, go to Help > Activate License from any app
- Select **Local**, then select **Save Fingerprint** and follow the prompts to save C2V file

② Download License Key

- Click **Download** in the activation window
- In the page that opens, enter the **Product Key** emailed to you – click **Login**
- Click **Offline Activation** in the top right corner
- Click the "**...**" button next to "Upload C2V"
- Choose the C2V file you created in **Step 1**
- Click **Generate**
- Once generated, click **Download V2C File**

③ Activate License Key

- Go back to the Activate License MIPAR window
- Select **Activate** and choose the V2C file
- Select **Finish**. Your License Key is now activated!
